SKC Communications Opens Office Location in Chicago

New location expands SKC's presence nationwide

SHAWNEE, KS -- SKC Communications opened a regional office location in Chicago, Illinois. The office opened June 1st.

SKC Communications is a leading industry provider in videoconferencing, audio/visual integration, voice over IP solutions and headsets. SKC Communications specializes in designing, building and managing technology solutions that meet the specific needs of clients, by integrating technology from top communications manufacturers.

"This is an exciting time as we continue to grow our presence in Chicago and the surrounding areas. We can now bring an even higher level of service and support to our existing client base as well as focus on new business opportunities," said Mark Linton, VP of Operations.

Mark Linton will lead the Chicago office. The office will focus on executing sales and meeting the demand of the increased growth of customers in the region. The Chicago location will be full service, staffed with account executives, project management, engineering, programming and both install and service technicians on site.

The SKC Communications Chicago regional office is located at 1201 Wiley Road, Ste. 113, Schaumburg, IL 60173.

Mark Linton can be reached at mark.linton@skccom.com or by phone at (913) 543-7306.
